WHO WE ARE

Child Safe is a Child Advocacy Center (CAC) which provides a safe environment for children to be heard, the healing process to begin, and families to access support during investigations of child abuse.

OUR MISSION

To Respond to and Prevent Child Abuse, Help Families Heal, and Restore Childhood Hope.

WE NEED YOU!

We hope to end child abuse by bringing attention through education and community involvement. To do this we depend on caring individuals, like **YOU**, to help us bring awareness to our community and hope and healing to children.
